Reported issue – location and requested action	Date reported	Highways reference number	Follow up date	Comments
Beamhurst Bridge opposite Stramshall Mill Farm, ST14 5DU, coping stone dislodged, needs cementing into place	15.04.2015	15242129 4058873	01.05.2015 15.05.2015 03.11.2015 27.11.2015 18.12.2015 26.01.2016 01.03.2016 24.06.2016 10.08.2016 20.09.2016 03.02.2017 22.08.2017 03.12.2017 12.12.2017 01.11.2018	No inspection as yet, requested an update. Was re-inspected w/c 9 <sup>th</sup> November, still waiting for an update by engineers. No update Bridge was inspected, works will be carried out, low priority. Still low priority at present. System down today Still low priority Sending note to the scheduling team, given a new reference number as no job has been raised on old system. Phone call from highways, they have reviewed the coping stones and will fit it into next financial year budget. This was closed on 22.02.2017, she will open it again and send it back to Chris to have another look. Report sent from engineering, Tom to view the bridge from. Still low priority, will be completed when time is allocated
Stocks Lane  Junction of stocks lane and Stone Lane  ST14 5NE	05.04.2016	4043109 4043863 4139163	05.04.2016  12.04.2016  24.06.2016  10.08.2016  20.09.2016  28.02.2017  14.04.2017  22.08.2017  13.09.2017  03.11.2017  02.07.2018  16.10.2018  19.10.2018	Received e-mail saying the identified defects are not considered to be high risk and the necessary repairs will be grouped with similar works in the area to be as efficient and cost effective as possible. Currently over 50% of these repairs are taking place within 60 days. The remaining identified defects on the county's highway network are completed as soon as resources allow.  Reported it again, but with photos of the junction this time  Received e-mail saying they would review it again, then another one to say  The severity of the reported issue has been determined by a number of factors which include the defect's location, size and ultimately, the risk the defect poses to public safety.  The identified defects are not considered to be high risk and the necessary repairs will be grouped with similar works in the area to be as efficient and cost effective as possible. Currently over 50% of these repairs are taking place within 60 days. The remaining identified defects

				<p>on the county's highway network are completed as soon as resources allow.</p> <p>14<sup>th</sup> April, work note has been raised now. No ETA</p> <p>The 7 pot holes are CAT3 so no ETA</p> <p>Still on scheduling team waiting list</p> <p>Still awaiting scheduling</p> <p>Still to be scheduled, but will re raise it with scheduling team today 22.08.2017</p> <p>Clerk removed loose tarmac from the road and took it to the recycling centre, as causing a hazard.</p> <p>Parish Council meeting advised that these pot holes have had white paint markings, so repair could be soon.</p> <p>Clerk called Highways and asked for an update – they have a job on the system, clerk advised still a CAT3 so will do when in the area. Clerk asked for an update by the Scheduling Team – they need to have a multi way lights to carry out the repairs this is causing the delay. No date.</p> <p>Clerk took 2 more photos of potholes 16.10.2018 and submitted them again to highways and sent email to Cllr Deaville, copied Chair and Vice Chair into email.</p> <p>19.10.2018 - This is an update to your enquiry dated 16/10/2018 in relation to STOCKS LANE.</p> <p>A highways inspector has now assessed the site and arranged for repairs to be carried out.</p> <p>The reported issue is not considered to be a high risk to public safety and so the repairs will be grouped with similar works in the area in order to be as efficient and cost effective as possible. Currently over 50% of these repairs take place within 60 days. The remaining defects are repaired as soon as resources are available.</p>
