22.09.0011 TO CONSIDER PLANNING APPLICATIONS AND RECEIVE PLANNING DECISIONS

Planning Committee – 4th August 2022 at 10am

PLANNING APPLICATION NO. SCC/21/0047/FULL-ES for the importation and temporary storage of limestone scalplings with the erection and use of an aggregate washing plant at Uttoxeter Quarry, Spath.

<https://planning.agileapplications.co.uk/staffordshire/application-details/28386>

Clerk provided details to SCC (desu@staffordshire.gov.uk) of Cllr Brookes and Cllr Jones along with written statement from May 2022 meeting minutes of comments about this application, see below – 22.07.2022

The proposed volume of lorry transportation for this operation will adversely impact an already congested area of the Highways network within the Parish. The local and wider community is already affected by both JCB and Alton Towers traffic at peak times and these lorries would just contribute to the excessive congestion. The Parish Council are concerned that vehicles will try to avoid the congestion areas and use of the village roads will increase, currently drivers use neighbouring villages as a “rat run” (Crakemarsch, Stramshall, Beamhurst) to avoid the existing congestion. This operation is likely to compound the issues further and the Parish Council are aware that no policing of the roads and weight limits occurs and if lorry drivers are on time limits to deliver to the Quarry, they will find the quickest way, which will include the neighbouring villages. This application was withdrawn on 02.08.2022 from the Planning Committee for further consultations.

Planning Committee – 4th August 2022 at 10am

PLANNING APPLICATION NO. SCC/21/0025/FULL-ES for Northern extension to Uttoxeter Quarry for the winning and working of sand and gravel with restoration to agriculture, water based recreation and nature conservation, with the continued use of existing access, site offices, processing plant, silt lagoons and ancillary infrastructure – Uttoxeter

Quarry, Spath, Uttoxeter, Staffordshire, ST14 5AP

<https://planning.agileapplications.co.uk/staffordshire/application-details/28360>

Clerk provided details to SCC (desu@staffordshire.gov.uk) of Cllr Brookes and Cllr Jones along with written statement on 22.07.2022. Statement below from the Parish Council first submitted 17th December 2021.

There needs to be a proper, real and tangible community benefit from the extension, i.e. completion of the sports hub development, water sport development, footpath accessibility and car parking.

If this plan is passed, against community wishes, there needs to be maximum mitigation and less provocation about S106 funds that are outstanding.

NEW

P/2022/00496 – Land to the West of Uttoxeter Bramshall Meadows Phase 2D A50

Bypass Uttoxeter – Residential development comprising 137 No. dwellings together with access, parking, public open space, landscaping, and associated works (Re-Plan of Phase 2D to provide an additional No. 56 dwellings) – comments added on 26.07.2022

Uttoxeter Rural Parish Council are concerned that an increase in traffic will occur in Bramshall, especially Stone Road and Bennetts Lane. The Parish Council would like the Planning Committee to liaise with Staffordshire County Council regarding the identification of further off-site works to the network, to ensure traffic calming is increased. The Parish Council would like a condition added to this application that funds are made available to Staffordshire County Council to install further traffic calming measures on both Stone Road and Bennetts Lane, Bramshall. The Parish Council are concerned and aware of the additional impact as both Stone Road and Bennetts Lane are used as a shortcut to get to the A518, Stafford Road.
